### Treasurer

Dr. Olivier Traxer  
France

### Office of Education

Dr. Kurt McCammon  
United States

Dear Dr. Alame,

In order to connect with urologists worldwide, the **SIU** Board of Directors would like to present you with some of the many opportunities that are available to **LUS** when collaborating with the **SIU**. This proposal is made in the spirit of strengthening collaboration between our Societies.

1) **SIU Group Membership** provides a wide variety of opportunities. Please refer to **Appendix A** which details the following group membership benefits:

- ✓ 50% reduction in membership dues
- ✓ Significantly reduced registration fees for members attending **SIU** congresses
- ✓ Online access to the **SIU**'s official journal - **World Journal of Urology**
- ✓ Full content access to the **SIU**'s powerful eLearning portal - **SIU Academy**
- ✓ Full access to the **SIU** powerful Research Platform - **uCARE**
- ✓ Access to live streamed online sessions to claim free CME credits through **SIU@U**
- ✓ Exclusive opportunities for **SIU-LUS** collaborations

2) **SIU Resident Membership** is an opportunity for urology residents worldwide to access all of the benefits that the **SIU** has to offer free of charge. Young members are welcomed into the organization in order to take an active role in **SIU** Congresses, committees, **SIU** Academy, and for peer review of articles in the **SIU** journal, the *World Journal of Urology*. Please review **Appendix B** for an elaboration on the benefits trainees will receive.

4) **SIU Educational Activities** are available to urologists worldwide. They provide them with the opportunity to attend, participate and contribute to exclusive programs such as eGrand Rounds, clinical case studies, educational videos, eSeries, endorsed events and Bench to Bedside (B2B). Please review **Appendix C** for descriptions of each type of programs. One member may be nominated to join the Educational Council of this **SIU** educational platform

5) **uCARE** provides free access for group members to a web based data collection system as well as other e-health projects. One member may be nominated to join the Research Council of this **SIU** research platform. Please refer to **Appendix D** which details the major components of the research platform and research council.

The enclosed appendices contain additional important details on the aforementioned advantages. Please review these documents and advise us of any questions you may have.

We look forward to discussing this proposal with you and developing a long partnership with the Lebanese Urology Society.

Yours sincerely,

Dr. Jean de la Rosette  
SIU General Secretary
