DEAR COLLEAGUES:

We have the great pleasure to announce the 52nd Annual congress of the Egyptian Urological Association in conjunction with the 14th Annual Congress of the Pan Arab Association of Urology, which will be held in Egypt.

The conjoint congress will offer scientific sessions on all aspects in the field of urology. The meeting will also offer educational sessions by internationally acknowledged experts. A medical exhibition will show the latest developments in medical technology and drug therapy.

We hope that this will be a memorable experience for all participants, complementing the exchange of scientific information.

On behalf of the executive committee and all members of the board of the EUA and AAU, we extend a warm invitation to urologists from Egypt and all over the Arab world. We would like to encourage you to participate in this great event and to contribute to its success by sharing with us your experience and knowledge in the field of urology.

The organizing committee will do their utmost effort to ensure a successful conference and a true scientific event.

Looking forward to see you in Egypt.

Prof. Mohamed Eissa
EUA President

Prof. Ibrahim Bani-Hani
